

Technical Information SNAPPY CLEAN

Description :

Snappy Clean is a very special and highly concentrated fast working cleaner and degreaser. It breaks down and dissolves grease, dirt and road grime. Snappy Clean consists of special blend of surfactant, wetting agent and detergent. It is low in caustic, economical and readily biogeredable. It contains no bleach, no ammonia. It is water soluble and non-flammable.

Features And Benefits:

Snappy Clean is all purpose cleaner and degreaser. It is industrially used on all surfaces. It is fast acting cleaner and degreaser. Snappy Clean quickly penetrates dirt, grease and oil and remove them easily. It leaves no residue on the surface after rinsing.

Application And Dilution:

Snappy Clean can be diluted 1 part to up to 20 parts of water depending on surface condition. For thicker dirt and greases more concentrations may be required. For best results spray directly on the surface and let stand for 5 minutes. Rinse with copious amounts of water.

Specifications

Color: PINK

Odour: Alcohol Odour

Solids: Not Applicable

Packaged: 1 Gallon, 5 Gallon, and 200 liter Drum

pH: 13.0

Characteristics: Highly Alkaline Cleaner (may be corrosive to metals)

Consistency: Liquid

Interior or Exterior use: Both interior and exterior

Application method: Trigger Spray, Garden Pump-up Spray

Application Temperature: 5.0 to 30 C

Application Rate: It depend on amount of oil or grease, water temperature.

Clean up: Rinse with water.

Shelf life: 3 years, Dot Not Freeze, Avoid Warm Storage.

WHMIS: Class D2 B, Other Toxic Materials, Class E , Corrosive Materials

TDG: Class 8, PG III
