

Technical Information **SUPER DRESSING S.T.**

Description :

Super Dressing S.T , non-aqueous, low odour silicone solution which is effective as a protective treatment and high gloss agent on many automotive surfaces such as tires , vinyl tops, dashboards, station wagon side panels and upholstery. Super Dressing is long lasting and easy to apply.

Features And Benefits:

Super Dressing S.T. with its low surface tension penetrates into the surface pores, removes stain. It brings optimum protection, wet look and shine to the surface. Super Dressing S.T. is more effective for exterior applications where longer lasting protection and shine expected.

Application And Dilution:

Pre-clean the surface with a good cleaner first . Spray Super Dressing S.T. and leave to dry. For more uniform look spray and then spread with soft bristle brush or clean cloth. No dilution is required for Super Dressing S.T.

Specifications

Colour: Translucent

Odour: Low hydrocarbon odour

Solids: Not Applicable

Packaged: 1 Gallon, 5 Gallon and 200 liter Drum

Composition: Silicone Solution

Characteristics: Clear Liquid

Consistency: Liquid

Interior or Exterior use: Both Interior and Exterior

Application method: Brush , spray or wipe with cloth

Application Temperature: 5 - 30 C

Application Rate: It depend on surface porosity.

Dry Touch Time: 4 hours @ 20 C

pH: Not Applicable

Shelf life: 3 Years

WHMIS: Class B-2 Flammable Liquid, Class D-2A Very Toxic Materials

TDG: Class 3 , PG III
