

Technical Information VINYL CARE

Description : Vinyl-Care is a concentrated blend of x-linking silicone dispersion. It is water based and safe to use , easily mixed with water to a recommended dilution level. Vinyl-Care is non-flammable, non-toxic. It is odorless and non-corrosive if spilled on metallic surrounding area. Vinyl Care does not contain harmful solvents.

Features And Benefits: .

Vinyl-Care provides gloss and water repellency to the surface applied.
It actually removes surface dirt and brings back luster on surface.
Vinyl Care leaves long lasting protective coating and shine on tire.
It brings up clean and fresh look of tire and other rubber or plastic surfaces.
It protects all types of tire against cracking, fading and deterioration.

Applications And Dilutions : It is used on vinyl, leather, rubber surfaces and tires. It is concentrated, to dilute simply add tap water. Reduce Vinyl-Care with equal parts of clean water or to use as is. Spray on with trigger-sprayer, spread with clean cloth and bug with clean cloth.

Specifications

Colour: WHITE

Odour: No Odour

Packaged: 1 Gallon, 5 Gallon and Drum

Physical Form: White Liquid

Colour: White

Consistency: Liquid

pH: 7.0 - 7.5

Application method: Spray and wipe with a clean cloth

Application Temperature: 5 to 30 C

Storage & Handling: Keep at room temperature. Do not freeze.

Specific Gravity: 1.05 (Water = 1)

Shelf life: 3 years

Flash Point: Not Applicable

TDG: Not Regulated
